Sprint #11 Retrospective

April 4, 2023

WHAT WENT WELL?

Team Member	What went well?
Allison	Low estimations for week leading up to break

WHAT COULD BE IMPROVED?

Team Member	What could be improved?
Joshua	I definitely checked out mentally after I had finished my last midterm. Didn't stay consistent with SCRUM, need to roll over work items.
Allison	Communicating outside of sprints (we didn't technically have a sprint during break but I felt like the team was disconnected)
	Getting back into grind mode after break
	Filling out standups on time + making sure Trello is up to date and as specific as possible
Githel	Balancing light work and a much needed break after midterm season
Matthew	Staying consistent as possible even during busy weeks such as midterms/finals
Haley	Could've scheduled work times better with midterms in order to stay on schedule with 491

Judy	Planning/working so that we're on schedule for the next code review

FOR THE NEXT SPRINT & ACTION PLAN

Team Member	For the next sprint...	Action Plan
Joshua	More consistency with SCRUM, I don't think it's necessary to chunk out an entire block of time before class to meet up necessarily, instead we can establish a set time to fill it out by, and we can discuss any blocks after class ends	Implement a discord bot for automating standups before this Friday's (4/7) 5:00 PM standup deadline
