Sprint Standup

November 30, 2022

Individual Notes

Team Member	Completed	To-Do	Blocks
Josh	- [BRD] Revisions	- DAR - Authentication Implementation - Registration Implementation	- N/A
Matthew	- N/A	- BoM - DAR report	- N/A
Judy	- DAR Analysis Archiving	- Authentication Implementation	- N/A
Githel	- DAR Analysis Front-End Programs	- DAR Analysis Web Hosting - Authorization Implementation	- Can I create a new branch 'gith' that is a copy of dev (or does Vong only want one dev branch), I want to save my changes for Authorization Implementation without worrying about breaking the whole code base.

Haley	- Out Sick	- Out Sick	- Out Sick
Allison	- DAR	- Authentication Implementation	- Waiting on Confirmation from BRD Revisions

QCCs/Blocks

Low Priority	Medium Priority	High Priority	Action Items
		- Submit first draft of DAR by Sunday - Submit updated BRD by Sunday
